

Essex Libraries service update

Essex Libraries are currently closed (in accordance with the [Government's directive](#)). We're changing to a short weekly newsletter during this time so look out for these updates from us

Please don't worry about your library account as we are extending all loans until the end of July, and will waive any overdue charges. We have also stopped sending out any overdue messages.

The online reservation service is currently suspended for physical items but it's still possible to reserve items from our e-Library.

e-Library - more titles added!

We're buying more titles for our e-Library to give you more choice and availability. We've been working with our suppliers so new customers who [join online](#) can access these services quickly and without needing to collect a library card. New online members can now use [RBdigital](#) and [Borrowbox](#) with their online membership number.

Our e-Library is online 24/7 with thousands of e-books, e-audiobooks, e-comics, e-magazines and e-newspapers.

So, if you're stuck at home download the apps on your own device, sign in with your library card number and start reading today!
